# Senior's Farewell

This was your life over the last four years Senior. The first year you spent getting used to your new surroundings. You forgot your locker combination, miss placed your books, and went to the wrong classes. When the King and Queen Parade rolled around you were caught unprepared and consquently your royal couple rode in a broken down convertible owned by Miss Godden. Your Sophomore year you began to raise money for the Junior-Senior Prom, but a year later when it came time to give the social event of the season you were caught with lack of funds. Cakes sales, car washed, and dances were given in mad succession, and finally you raised the money, but not until you had had an argument with the rest of the school over the legal aspect of putting some cake sale money in your jar for your King and Queen at the last minute. You now have completed your senior year, and what a wonderful year it was under the guidance of Mrs. Agnes Huffman and Mr. Charles W. Thistlewaite, your advisors. You have attended your last football, basketball, and baseball games and have yelled your last yell as a student of this school. You have walked down the halls of Ripon High for the last time and somehow you can not help feeling sad inside. Now you are about to enter into a new world a world completely different from the one you are leaving. This was your life as a student of Ripon Union High School and what a fruitful life it has been.

# Business Buzz

You spent most of your time preparing for the Junior-Senior Prom this year Juniors. Hot dog, Missile bar, and Cup cake sales were given to appropriate money for the ball. You also sponsored the annual King and Queen fete. Unlike all of the past years when a parade was featured you alternated the standard procedure and held a carnival week instead. Each class was alloted one day to do anything they wished to raise money, many clever ideas were put to work by the different classes, and the carnival turned out a huge success. Then at last your magic moment arrived-Prom Time- and all of your hopes, and ambitioun were fulfilled, but not half of those hopes would have been fulfilled without the help of your advisors, Mrs. Rampoldi and Mr. Delamarter. This was your life Juniors and a mightly busy one too.

This year as a second year class you accomplish much. You gave cake sales, and when the King and Queen carnival came around you had your say too. You sponsored a potluck lunch, and you were sure that there were a variety of dishes there. You also gave a dance to raise more money for your treasury. # Freshmen Daze

Being new to Ripon High Mr. De Selle and Mr. Dunton, freshmen advisors had a big job getting the freshmen acquainted with Ripon High. They did an excellent job and in no time you were engrossed in the activities that Ripon High offered. You gave a dance, and it turned out very successful. Your's is a life that is just beginning, instead of one that has been, and may your new life be a happy and fruitful one.

Dear Dot

I hope we know each other for many years. And may we have as much fun as we have had in the past years. Also we must get the mantua soon and see what [illegible] and what about the time Edna and Bobby were with us and Harvey came. Elvis and Ricky also get a date with one of them and come [illegible] in the future in person. You must also get to see them too me.

Remember the blue and white "50" ford and the cute cats inside. What about the fair the ones in the leather jacket? cute hat? and [illegible] about the boys at the fair the ones in the booths weren't they a load of fun. Especially the two boys with the game in which you threw balls. Oh baby mine.

Talking about your times in Santa Rosa also all the fun we had what about Sun-age haven't ha! ha! and what about the games we've went to. How bad we didn't go out with some of those cool cats. Have luck with E. P., R. Ab, H. H., Jimmy and Ed No, W. Pa and any others
